Vacuum Cleaners

A healthier home to thrive in

Effortlessly powerful cleaning for a healthier home. The real performance of a vacuum cleaner is measured by dust pick-up. Creating effective dust pick-up is a matter of generating enough suction power. It's key to remember that an efficient vacuum cleaner consists of 5 good factors: tube/hose, motor, separator/filter system, suction power, and air speed.

Canister Vacuum Cleaner

EFC71611

MRP: 20,990

UltimateHome 700

- 2-step dust emptying reduces pillages.
- Uncompromised performance¹, throughout the clean.
- 6-Step filtration system for a clean home.
- Nozzle designed for optimised dust pickup.

ZSP2320T
