Everyday Indulgence

Energising and at the same time calming, water is our sole source of inspiration. It lets us soak in innovation and emerge drenched in ideas. AK Danum strives to design a luxuriant environment that celebrates water and sheer delight it offers to us.

Established in 1961 in Pune by Mr. Asgar Poonawala, AK Danum has been creating beautiful bathrooms. As a seller of concept and solutions, we blend form and function to add elegance to the spaces. Since 1985 when we introduced coloured powder coated bathroom fitting; to 1988 when we pioneered with washerless bathroom fittings with ceramic disc technology; and now when we have diversified into Shower Enclosures, Shower Drains, Bath Accessories and LED Mirrors; we have always stunned the industry with distinctive product portfolio. Take innovative shapes, fine ergonomics, world class manufacturing quality and intelligent technical details and you have the formula for AK Danum range of bathing essentials.

We offer an overwhelming variety of products to create one's own personal cove within their home. Our after sales service creates a niche in the premium bathing industry with its dependability and swift responses. Our team is devoted 24x7 to offer prompt query resolution, service assistance and system maintenance. Today, we have a close-knit and wide-spread network of distribution and dealership. Be it manufacturing and assembly of certain products to retail sale, we aim for nothing less than perfection at every stage.
