HANSGROHE GROUP

We live water.

120
YEAR ANNIVERSARY

INNOVATION
Industry pioneers

QUALITY
Made in Germany

DESIGN
More than 500 awards

Water moments that delight

From the outset we blazed a trail in the handling of water

120 years of innovation, design, and quality – that is what Hansgrohe stands for. Since 1901, Hansgrohe has been shaping the landscape of bathrooms and kitchens to make life easier, better and more beautiful for you.

Never satisfied with anything less than ground-breaking, our founder, Mr. Hans Grohe was a genuine pioneer, constantly striving for innovation. At a time when the idea of a bathroom in a family home was barely imaginable, he was already working on the first shower heads, setting new standards in bathrooms across Europe.

Started as a family business, today Hansgrohe Group is readily recognized as one of the few global players in the sanitation industry. Now as then, we continue to make most of our products in the heart of the Black Forest – as a commitment to our 'Engineered in Germany' quality guarantee, ensuring the best products for you.

The Hansgrohe Group is also an industry pioneer in fostering sustainability and environmental protection. This is reflected in our water- and energy-saving products as well as in eco-friendly production technologies, environment friendly global projects and particularly the sustainable handling of water.

Excellence in innovation, design, quality and service

hansgrohe: **our name is your guarantee**

INNOVATION

- Revolutionary innovations
- Pioneers in the sanitation industry
- Ground-breaking technologies

At hansgrohe, we don't just innovate, we revolutionise. Some of our product developments have made history in the industry and changed how people all over the world encounter water, every day. We care deeply about you and your enjoyment of our products, in both aesthetics and performance. We have our own dedicated research and development laboratory in the centre of the German Black Forest. Here, our industry experts have worked to produce more than 16,000 active patents, ensuring that hansgrohe remains an industry leader and achieving a TOP 100 award for Top Innovator 2020.

DESIGN

- More than 500 awards
- A design for every style
- International reference projects

Design can be defined in a number of ways: shape, aesthetic, style. But, at hansgrohe, good design means more than just good looks. Not just world-class appearance, our influential designers also focus on quality and maximum customer benefit. It's our unwavering attention to detail that has earned more than 500 internationally renowned awards. We take every opportunity to make your bathroom experience the best it can be with our technical innovations. Whether it's Modern, Classic or Avantgarde, we have the perfect solution to suit any need and, most importantly, our timeless designs will outlive fastpaced fashion

QUALITY

- Experts since 1901
- Made in Germany
- 5 years warranty

Since 1901, people all over the world have put their trust in hansgrohe's durable products from the heart of the German Black Forest. hansgrohe is synonymous with high-quality products of exceptional design, ease of use and intelligent functions. Since our foundation, 'Engineered in Germany' has been a recipe for success and remains an integral part of our philosophy. This level of German expertise is recognised as a guarantee of excellence and every one of our facilities works to the high standards that we set. As testament to this, we offer a 5-year warranty.

RESPONSIBILITY

At Hansgrohe, we focus on sustainability and environmental protection. This is reflected in our water and energy-saving products, as well as in the eco-friendly production technologies and the sustainable handling of water as one of our planet's most valuable resources.

SERVICE

- Contactable and reliable
- Informative and involved
- Plan and enjoy

Customer satisfaction has, and always will be, our primary concern. At Hansgrohe, we want to work in partnership with you to ensure the best possible solution. Being able to deliver top-quality, personal service to our customers at all times is a key part of how we operate as a company. No matter the question, problem or special request, we are here to help.

Distinguished in many respects

Multi-award-winning design

Design isn't just a matter of taste. It's an attitude. The search for the most intelligent solution is always a goal for us. After all, design and functionality must go hand in hand in order to create products with stunning, extraordinary quality that redefine aesthetic standards. As such, we are constantly working on outstanding creations in collaboration with the Phoenix Design team, who have won a whole host of international awards. Our products are timeless, beautiful and highly functional. The awards that we receive year in, year out from international panels of experts make us a leading designer in the industry. Our products have already won more than 500 awards and 50 international design prizes, including the iF Design Award; one of the world's most prestigious design awards.

Phoenix Design has been shaping the face of hansgrohe for more than 30 years. The Stuttgart-based team exclusively curate designs for the entire shower and tap range. Over the past few decades, the team have been responsible for a long line of products featuring both technological and visual sophistication that will continue to enhance the beauty of water for years to come.

hansgrohe is all about revered design:

reddot award 2019
best of the best

DESIGN PLUS
powered by: **ISH**

We received the first design award in our history in 1974 for the TRIBEL model; the first convertible hand shower with three different spray modes. Since then, numerous other international prizes have celebrated the successful combination of form and function in our products, as well as the highly sustainable electroplating method used to create the surface finishes on our showers and taps.

International reference projects

At home the world over

All over the world, developers and investors work hand in hand with architects and planners on sophisticated projects. They are constantly in need of intelligent and aesthetically appealing solutions for handling the essential element water. The mixers, showers and bathroom collections from the Black Forest lend top addresses that definite extra design and comfort: in impressive hotels and public buildings, in private residences and royal palaces, in exclusive sports clubs and in cruise ships and luxury yachts.
